NO. 211.

FILES HIS REPORT

SUP'T. R. G. BRUMMETT OF COUNTY FARM HAS A GOOD YEAR.

EXPENSES WERE \$6,688

While the Receipts Were \$2,892.23—Report is For Ten Months, Ending December 31.

R. G. Brummett, superintendent of the county farm, filed Tuesday his report of receipts and expenditures of the farm for the ten months he has been in charge of the same, beginning March 1 and ending December 31, 1912. The report shows the expenditures to be \$6,688.97 and the receipts \$2,892.23, or the expenses exceed the receipts by \$3,796.74.

According to other reports of superintendents of the county farm, the report of Mr. Brummett is a good one and shows that he has made a good superintendent.

The receipts for the institution are as follows:

Live stock sold, \$2,143.31; machinery and building sold, \$262.50; grain and hay sold, \$427.34; outside stock pastured \$8.75; poultry sold, \$50.33, or total receipts of \$2,892.23.

The expenditures for the period of ten months follows:

Groceries, \$777.01; clothing, \$55; dry goods, \$77.17; shoes and repairs, \$25.92; salary and farm labor, \$1,517.33; furniture and coffins, \$146.25; implements and repairs, \$61.88; lumber, \$319.25; plumbing, \$717.72; carbide, \$136; hardware, \$118.55; engine and repairs, \$170.85; pump work and repairs, \$122.75; coal, \$179.65; feed, \$754.25; drugs, \$42.05; blacksmithing, \$43.15; harness and repairs, \$8.75; fresh meats, \$4.45; seeds and plants, \$59.90; miscellaneous, \$365.95; live stock bought, \$991.14; total expenditures, \$6,688.97.

MT. AYE.

Public sales and surprise parties are all the go with us just now. Just come over if you want to be royally entertained.

Glen Swinford's little son was quite ill Saturday. Dr. Will Wallis was called and at present the little fellow is doing nicely.

Ben Chandler shipped hogs Tuesday. J. L. Tebow loaded his car Friday for Texas. We are sorry to see Mr. Tebow leave us. He was a good neighbor.

A very nice informal evening was spent by some Mt. Ayr and Maryville young folks Friday evening at the home of Miss Vannie Knobs. Numerous games were played and a fine musical program given by Miss Katharyn Zeck. Miss Pope of Maryville, assisted by Miss Vannie, after which dainty refreshments were served by the hostess.

Mr. J. C. Inman has been suffering with a gripe for a week.

Miss John Hall is on the sick list. Miss Ora Wilcox spent Saturday and Sunday with her sister, Mrs. Charles Baker of Maryville.

A very pleasant surprise was planned and effectively carried out at the home of Mr. Parker, near Council Corner, Friday evening.

Glen Swinford butchered hogs Wednesday. Also sold five porkers to John Kidd.

Frank Hall is cutting posts for Ward Beedle of Maryville.

A very powerful and effective sermon was preached at Mt. Ayr church by Rev. Gilbert S. Cox of Maryville last Sunday at 3 o'clock. Before the sermon he sang a most beautiful solo.

Jake Bigley has been enjoying an extended visit with his niece, who returned to her home Thursday.

Fred Wallace will give a public sale Thursday. The Ladies' Aid society of Mt. Ayr will serve lunch.

Gerald Bonewitz has begun moving some of his machinery to his new home this week.

Silas Moxingbo has completed his residence, which makes a very nice home.

John Dick has built an addition to his residence, painted and otherwise improved it. It helps the appearance very much.

J. A. Carmichael will occupy the farm which Fred Wallace will vacate this spring.

Special music accompanied the services at Bedison Sunday.

Mr. Groundhog failed to see his shadow this time. Old saying, early spring.

Elected Delegates.

Woodmen of the World selected day night delegates to the head day at Excelsior Springs, which will be Tuesday, March 25. The delegates selected were Roy Martin, N. S. DeMotte, R. F. Wallace. Alternates, Ezra Phipps, Burt Charles and W. B. Biley.

"FLOWER OF MEXICO."

Miss Alma Nash's Three-Act Comedy Presented to a Big Audience at the Empire Theater.

"Flower of Mexico" was enthusiastically received Monday night at the Empire theater by a big audience, and the applause so generously given was well earned by the young people of our town, who put on the three-act comedy, written by Miss Alma Nash, who also directed its production, in good professional style. There are no weak points in the little sketch, and all the characters were so well selected by Miss Nash that each gave his part as it should have been given. Miss Frances Keeler, as Carmencita, the Flower of Mexico, was indeed the typical Mexican senorita, in pretty costume, charming sweet manner and speech, while her little foster sisters, Edna and Esther Dietz, as musicians, were quite bewitching.

The special songs and choruses and dancing in each act, the production of which were directed by Miss Besse Scott and Miss Ola Smith, were indeed good and right up to professional style, and the girls' costumes in each scene were fetching, to say the least.

The orchestra, made up from members of Miss Nash's Missouri Ladies Military band (the one that is going to Washington to be in the suffragette parade) made its first appearance here, and the manner in which their part was done in accompanying the choruses and the special numbers played between the acts is to their credit. The members of the orchestra are:

Piano—Hazel Vandervort.
Violin—Edith Wilson.
Flute—Helen Rowley.
Clarinet—Mary O'Brien.
Cornet—Grace O'Brien.
Drums—Alma M. Nash.
Bass viol—Margaret Conway.

Each one who had a part is worthy of personal mention. The cast and synopsis of the comedy, and the special musical numbers for each act were:

Pat McCarty, a hotel clerk.
..... Flemming Carpenter
Billie, a bell boy..... Clyde Hutton
Dr. New Nose, physician, scientist and benefactor with a large fortune and valuable secret..... H. J. Becker
B. O. Seltzer..... Philip Parcher

A Biscuit by Parcel Post.

Some mighty funny things travel by parcel post these days. Postmaster Beech doesn't know it, of course, but a nice and nifty looking little package, containing a nice fluffy white biscuit, went from his parcel post office to St. Joseph Tuesday morning to a young Maryville business woman who is there for a few days on business. The young woman is exceedingly fond of biscuits, hot or cold, and often carries a cold biscuit around in her pocket to munch on. A friend of hers had some extra good ones for breakfast Tuesday morning and that reminded him of his

friend, who he thought of the parcels post. He thought of the parcels post. He thought of the parcels post.

TO A LATER DATE

BOARD DECIDED NOT TO HOLD GOOD ROADS BOND ISSUE NOW.

WILL COME UP AGAIN

Probably Next Fall—Matter Will Be Discussed With Farmers Short Course Week.

At a meeting of the Nodaway County Agricultural and Live Stock association held late Monday afternoon it was decided to defer the good roads bond election for Polk township to some later date this year. The board was to have appeared before the court Monday to have them set aside an election date, but the board gave the idea up at this time, thinking it would be best to hold the election next fall. Then, there seems to be some doubt among the members of the board whether a bond issue would carry at this time.

During the short course week to be held at the Normal next week by the state agricultural college the matter of a bond election for Polk will be taken up among the 300 farmers of Polk who will probably attend the course. If these people seem to think now is the time for the election and that the proposition will carry, then the agricultural board will again take the matter up and submit it to the county court at the March term.

Polk held a good roads bond election last December but the issue of \$50,000 was defeated by a small vote. Monroe township is to vote on a \$15,000 good roads bond issue on Saturday, and reports from that township point to a victory for the road advocates.

PROVIDES FOR MEETINGS.

Of the Presidents of School Boards and Clerks of School Districts to Take Up School Problems.

A bill was introduced in the legislature at Jefferson City which provides for county meetings of school officers and fixing compensation for attendance. The bill is as follows:

Be it enacted by the general assembly of the state of Missouri, as follows: Section 1. That it shall be the duty of the county superintendent of public schools to call together once each school year at the county seat or some other suitable place in the county, the presidents of the school boards and the clerks of the school districts of the county, for the consideration and discussion of questions pertaining to school administration.

Sec. 2. It shall be the duty of every president of a school board and of every clerk of a school district in the several counties to attend the meeting of school officers called by the county superintendent of public schools for the purpose of considering and discussing questions pertaining to school administration; and each school officer attending such meeting shall receive compensation at the rate of five cents per mile for the number of miles necessary to be traveled in going from the school house of his district to the place of meeting, same to be paid out of the incidental fund of his district: Provided, that no allowance shall be made for more than two days in any school year: Provided further, that in case of the inability of either the president of the board or the clerk of the district to attend such meeting, the school board shall appoint another member or some other person to represent the district in place of said president of the board or clerk of the district. Upon presentation of a certificate signed by the county superintendent of public schools, the board shall order warrants drawn in favor of the school officers or other representatives of the board who attended said meeting in accordance with the provisions of this section.

GUILFORD.

C. B. Manship has traded his farm of eighty acres, seven miles southeast of Guilford, for the A. D. Smith hardware store at Rea, Mo., and has taken possession of the store. He will hold a closing out sale at his farm February 20, with Carl Wray as clerk.

Davis Brothers will soon begin the erection of a corrugated steel barn in Guilford, for use in public sales and for other purposes.

Mr. and Mrs. John Farnan have leased their farm to their son, Walter Farnan, and will spend the coming year at Excelsior Springs for the benefit of their health.

GOT A REHEARING.

Case of State ex rel. Heller vs. Thornhill et al. to Come Up Again Before K. C. Court of Appeals.

Attorney Ellis G. Cook received word Tuesday from the clerk of the Kansas City court of appeals, saying that the case of the state ex rel. Heller vs. Thornhill et al. was granted a rehearing before that court, and that the case will be set for hearing at the next October term.

This case is that of W. A. Heller mandamusing the county court for a saloon license. It was brought up before Judge Ellison in circuit court and he sustained a demurrer, throwing the case out of that court. It was then taken to the Kansas City court of appeals, and they sent the case back to the circuit court here to be tried. Then a rehearing before the court of appeals was filed by Mr. Cook, and the decision of that court is as above stated.

IN FAVOR OF INCORPORATION.

Over 150 Subscribers of Graham Mutual Line Met Saturday and Are Strong for Incorporation.

A meeting of the subscribers of the Graham Mutual line was held Saturday and was attended by over 150 subscribers. They voted 5 to 1 in favor of incorporation. C. C. Trapp of Graham is the president of the Farmers Mutual organization of the county, which will hold an election in Maryville, Saturday, February 15, when the matter of incorporation will be voted on by the subscribers of the Maryville line and delegates from the other lines in the county.

Somebody will be the loser of a dog if "night isn't made less tedious."

Considerable interest is being felt in the series of meetings now in progress at the new Christian church. A powerful revival is in progress at the North Methodist church. Many conversions have been made and the work is still going on. There is plenty of fuel in Maryville for the flames of revival to feed upon, and we are of the opinion that the millennium will not be far distant when all the sinners in this vicinity shall have been called to repentance.

An exchange has the following flattering notice of the man that don't advertise. "The man that don't advertise has got his store hung around with slabs and pieces of barrel heads, inscribed with lampblack: 'Irish Potatoes,' 'Korn Meal,' 'Flower,' 'All Kinds of Kountry Produce,' 'Kaikes and Kandies for Sale Here.' He says, 'Thar ain't no sense in newspaper advertising, so long as a man is smart enuff to tend to his own business, and kin stand at the door and holler the fellers in!'"

On Saturday last three young men, two of them brothers named Stewart, and "Lon" Woodward left town about 5:30 o'clock in the afternoon and started for home, down toward Guilford. They had been gone about two hours and a half when one of the Stewarts came back, post-haste, in quest of Doc Page, to go down and attend his brother, Wesley Stewart, who had been shot by Lon Woodward.

We learn from the doctor this (Tuesday) morning that the wound, though dangerous, is not necessarily fatal. It seems a quarrel sprung up between Woodward and the younger Stewart.

Dawson & Edwards are the attorneys for Woodward.

WORK ON BRIDGES

REPORT SHOWS WHAT HAS BEEN DONE BY HIGHWAY ENGINEER.

NEEDS MORE REVENUE

In Order to Get Better Roads and Bridges Within Reasonable Time, Says Mr. Reese.

The report of County Engineer Reese was filed with the county court Monday and tells of the work that has been done the past year by Mr. Reese. An inventory of the tools and supplies on hand in that department was also filed and shows that they are valued at \$514.15.

The report of Mr. Reese follows: To the honorable county court, gentlemen:

I herewith submit my report for the year 1912:

There has been expended during the past year the sum of \$22,267.78 divided as follows: New bridges, \$11,099.80, concrete culverts \$5,422.06, repairs \$4,174.93, fills \$1,571.80. The policy adopted by the court the year previous was continued during the present season, that of using concrete and steel in place of wood, and for the past two years no structure, entirely of wood, has been erected. This necessarily restricts the number, but increases the permanency of the bridges, but the amount of revenue available for bridge purposes, being small as compared with the requirements, leaves many sections of the county unprotected. However, a continuance of the present policy will eventually replace all wooden bridges with permanent ones, and the revenue then being available for road work will in a few years put our roads in as good condition as the character of the material will permit.

By the use of concrete in the form of culverts and concrete backed steel bridges there has been taken out and done away with 1,947 feet of old bridge. This with what has been taken out and replaced with concrete by the several townships amounts to about 4,000 feet. To have replaced this with the cheapest material would have cost at least \$16,000. This demonstrates that the substitution of concrete for wood in bridge construction, while greater in its initial cost, is cheaper in the end.

Road work throughout the county shows improvement each year, both in methods and results, but a large number of road overseers seem to be unaware that the law requires all grading to be done before August 1st of each year. In some districts no grading being done until after the first of September. A meeting of road overseers was called in March as required by law, and while the court provided the means for all necessary expenses, such as advertising and securing a convenient hall for the meeting, the attendance was so small as to hardly justify the expenditure of the amount required.

The great need of this county is a large revenue in order to get better roads and bridges within a reasonable time, and until that is provided many places in the county must be temporarily tided over until such times as they can be reached with permanent structures. There is, however, better use being made each year of our road and bridge funds and the results are becoming more apparent.

Respectfully submitted,
J. E. REESE,
Highway Engr.

TO TRANSFER HOLT COUNTY.

Senator Craig Introduced a Bill at Jefferson City Making Change in This Judicial Circuit.

Senator Anderson Craig introduced Monday in the senate a bill transferring Holt county from the fourth to the fifth judicial circuit. The fourth is Judge Ellison's circuit and the fifth is Judge A. D. Burnes' circuit.

If the measure should pass the legislature this circuit would be composed of Atchison, Nodaway, Gentry and Worth counties.

Another bill introduced by Senator Craig Monday was that all feed sold at stock yards should be by weight, and creates the office of inspector to see that provisions of the law regarding the sale of feed are not violated.

WANT A REST ROOM.

Committee Appeared Before County Court in Behalf of Such a Room in Basement of Court House.

A committee from the Twentieth Century club of this city, composed of Mrs. C. C. Corwin, Mrs. O. C. Hanna and Miss Jessie Parcher, appeared before the county court in their session Monday afternoon and urged that the court provide a rest room for ladies in the basement of the court house. The plan, according to the committee, is to use two rooms in the basement, and the Twentieth Century club will provide the furniture for the rooms, and the Commercial club will stand for a matron of the rooms. The other expenses of such a room are to be borne by the county.

There has been agitation from time to time for a rest room for ladies in Maryville, but for some reason no headway has been made. A rest room would be a fine thing and would give a place for the women from the country to go to eat their lunches and to rest during their stay in the city.

No action was taken by the court on the proposed rest room.

SPELLING CONTEST FRIDAY.

North West School and Clyde School Will Spell Friday Afternoon for Place in County Contest.

A spelling contest will be held Friday afternoon at the Clyde school building between that school, of which Miss Katie O'Brien is principal, and the North Wildcat school, of which Miss Maggie McCann is the teacher, for the purpose of winning a place for one of these schools in the Nodaway county spelling contest that is to take place March 7.

The contest between these two schools will not be for place or glory only, as Rev. Fr. Frowin of Clyde is going to give a gold medal to the student winning first place for his school and a silver medal to the one winning second place for his school.

Each school is to select a judge for Friday afternoon's contest, and the two judges will then select one, making three for the day's work.

When Superintendent Oakerson was in Clyde recently making arrangements for this contest between the schools, Father Frowin accompanied him on his visit to the schools, and was so pleased with the interest taken in the event by the students that he thought he would offer something additional and give something to the one winning second place, as well as to the one winning first place, hence the two medals he offers.

Says Farmers Should Not Sneer At Skin-Deep Beauty.

A contributor to the current issue of Farm and Fireside writes:

"Of all people, farmers are most prone to sneer at skin-deep beauty."

"Of all classes of people, farmers are most dependent on the beauty that is on the surface; that is, only skin deep."

"Can you sell apples which are ugly in appearance? Don't you find ready sale for rosy, fat apples?"

"Does a scrawny colt, sell as ready as a plump colt? Hasn't the plump colt finer hair, better laid on than the scrawny colt?"

"Doesn't a well-painted farmhouse add to the value of the farm? Doesn't an unpainted house hurt sale prospects?"

"Doesn't a straight fence, almost beautiful because of its symmetry, lend value to the place? If every fence on a farm is ugly, you have an ugly farm!"

"Haven't you rather seen a litter of fat, round pigs than a litter of lean little cusses, and don't the fat little porkers give better promise than the skinny ones?"

"There can't be too much of the skin-deep beauty. It sells pears and peaches, potatoes and pumpkins, corn and calves, horses and hay, wheat and automobiles, butter and eggs, and it makes true-love matches."

Mrs. O. E. Miller and sons returned to their home in Barnard Monday evening from a week's visit in Maryville with her parents, Mr. and Mrs. G. A. Hartman. Mrs. Miller has been assisting in caring for her mother, who has been quite ill.

A MILLION FOR ROADS

If All the Measures Proposed by Legislature the Good Roads Fund Will Receive a Big Boost.

The good roads measures passed by the Missouri legislature, if passed, enable the state to have a million highways in three years coming in the country.

Among the measures are as follows:

A joint and concurrent resolution providing for the submission of a constitutional amendment for a tax of 1 cent on the \$100 assessed valuation for good roads. Nearly \$400,000 can be raised annually this way.

A measure calling for the equal distribution of the money in the automobile licenses and future delivery stamps fund. By July 13, when the distribution is to take place, there will be nearly \$400,000 in this fund.

Each county to set aside \$2,000 of the general revenue to be used in draining roads.

Each corporation in the state to pay an annual registration fee of \$5 to the secretary of state, the proceeds to go into good roads fund. The year's amount derived from this source is placed at \$100,000.

From the sale of stamps to take transfers of stock it is expected to raise for \$300,000 to \$400,000 annually. The bill authorizing this tax will pass the senate this week.

The measure which places a tax on rectifiers, distillers and wholesale dealers in spirituous liquors of \$100 for each 5,000 gallons and under handed in a year; \$150 for over 5,000 and under 10,000, and \$1 for each 1,000 gallons over that, the latter amount providing that in no case shall the total tax be in excess of \$1,000 for each dealer.

This bill is expected to raise \$150,000.

A measure providing for a license of \$50 on each moving picture show in the state is expected to raise \$50,000 annually.

A bill to are their gross receipts from \$100 on each hundred to \$3 will probably bring in \$50,000.

Another bill provides that all money collected in excess of running expenses by the state coal oil collection department is to go into good roads fund.

It is figured that in all there are forty good roads measures pending in the state of Missouri.

It is figured that there will be available each year about \$1,000,000 for good road purposes, if all the measures pass and existing sources of income are included.

If All Who Hate Would Love Us.
If all who hate would love us,
And all our loves were true,
The stars that shine above us
Would brighten in the blue;
If cruel words were kisses,
And every scowl a smile,
A better world than this is,
Would hardly be worth while.
If purses would not tighten
To meet a brother's need,
The load we bear would lighten
Above the grave of need.

If those who whine would whistle,
And those who languish laugh,
The rose would rout the thistle,
The grain outrun the chaff;
If hearts were only jolly,
If grieving were forgot,
And tears of melancholy
Were things that now are not;
Then love would kneel to duty,
And all the world would seem
A bridal bow of duty,
A net of beauty.

If men would be less sorry,
And women cease to sigh,
And all be glad to bury
Whatever has to die;
If neighbor spoke to neighbor,
Love demands of all,
The rust would eat the sabre,
The spear stay on the wall;
Then every day would gladden,
And every eye would shine
And every heart would listen,
And life would be divine.

New England's Advantage.
Here is how the spirits of the wise sit in the clouds and mock us. "Even at the risk of arousing western prejudice, I maintain that New England and all broken, hilly, rocky countries have a decided advantage over regions of great fertility, in the fact that they are not so much humanely and mole-eyed greed can never wholly divest them of forests; that their sterile crags and steep acclivities must mainly be left to wood forever."—Horace Greeley.

Light Touch

THE extremely light action of the Monarch Typewriter endears it to all operators who use it.

The typist who takes pride in her position finds great satisfaction in being able to turn out as much work, and as good work, per hour, toward the end of the working day as during the morning. Other conditions being the same, she can always do this on a Monarch. There is

"No Three O'Clock Fatigue"

for users of this machine. The mechanical reason for the Monarch light touch is found in the action of the Monarch type bar, an exclusive and patented feature which gives this remarkably light touch.

We would remind the business man that Monarch light touch means more work and better work, because less physical strength is expended by the operator. Therefore, per folio is reduced, making the a business economy.

CRY OF "FIRE" CAUSES PANIC

Four Hundred Rush to Exits of New York Picture Show.

TWO WOMEN ARE TRAMPLED.

No Danger From Blaze but People in Crowded East Side Street Pack Entrance and Many Are Hurt by Falling Down Steep Steps.

New York, Feb. 3.—A boy's cry of "fire" and the smoke from an exploded reel of a motion picture machine in an East side theater resulted in a panic among the audience of 400 persons and a rush for the exits, in which two women were killed and eleven other persons so badly injured that they had to be sent to hospitals.

The panic occurred in one of the most densely populated sections of the East side, and the thousands who poured into East Houston street, in front of the theater, and rushed to the doors added to the confusion and to the number of injured.

The two women were trampled to death in the crush of the crowd to reach the doors. The operator of the machine soon extinguished the burning film and the flames did not spread beyond the cage in which he worked.

With the exception of one rear exit door, the only means of escape from the theater was through the main vestibule, and it was here in a narrow space that most of the injured were found. The two women who were killed were picked up in the main section of the theater, where they had been trampled.

Steep steps lead from the sidewalk to the theater entrance and down these hundreds fell, while those behind piled on top. Children became separated from their parents and frantic searches for friends or relatives mingled with the panic stricken audience. In the panic clothes were torn from their wearers and the police gathered a great pile of hats, coats, shoes, eye glasses and even pocket books. A few rings and watches were among the salvage taken to a police station for identification.

At the time the panic started fully 100 persons were waiting in the vestibule to gain admission to the theater and as the doors burst open, from within, these people were caught in the rush.

Fire Commissioner Johnson arrived at the theater soon after it had been cleared. In a statement he declared that there were 800 similar places in Greater New York, where conditions are equally perilous. He said, however, that the owners had complied with every ordinance governing such places.

Operated On for Appendicitis.

New England's Advantage.
Here is how the spirits of the wise sit in the clouds and mock us. "Even at the risk of arousing western prejudice, I maintain that New England and all broken, hilly, rocky countries have a decided advantage over regions of great fertility, in the fact that they are not so much humanely and mole-eyed greed can never wholly divest them of forests; that their sterile crags and steep acclivities must mainly be left to wood forever."—Horace Greeley.

The Government's Duty Toward the Farmer.

President-Elect Woodrow Wilson, writing an article in the November Woman's Home Companion, entitled "The New Meaning of Democracy," says in part:

"It is the duty of the government to take the scientific knowledge developed in the universities out to the workers of the country, to the farmers, for instance, to whom should be carried every item of what we know about the character and use of soils, about irrigation, about the rotation of crops, about the climatic and other conditions which determine what crops can be best produced in particular localities; about the preservation of fruit from insects and disease; about the best times for planting in order to forestall conditions which oftentimes cut our crop; about anything else that

PARTIAL VICTORY FOR COMBINE

Supreme Court Kills Indictment
Against Shoe Machinery Co.

NON-COMPETITORS MAY UNITE

State Not Intended to Reduce All Manufacture to Isolated Units of Lowest Degree—Prosecution to Continue on Final Count.

Washington, Feb. 4.—The supreme court of the United States held in effect for the first time that the Sherman anti-trust act does not forbid the mere combining of non-competitors in an industry. The decision was given in the "shoe machinery trust" case, in which Solicitor General Bullitt for the government had contended that if the combination brought into one hand an undue proportion of the trade it was forbidden by the anti-trust law.

Despite the decision, officials of the department of justice declared that the United Shoe Machinery company would be prosecuted for the alleged criminal violation of the Sherman law under the one remaining count of the indictments returned against the company, the validity of which was sustained by the lower court. That count, which was not before the supreme court, charged in effect that the company was monopolizing the industry by combination, by tying the various shoe machines together, by the destruction of competition, and by the acquisition of competitor's business. Officials vigorously maintained that the decision did not affect the government's case on this count.

Rejects Bill to Protect Uniforms.

Denver, Feb. 4.—The Colorado senate refused to go on record in favor of giving Uncle Sam's fighting man the privileges enjoyed by the civilian. On a vote the upper branch of the legislature killed a bill making it a misdemeanor to bar from any theater, restaurant, hotel or moving picture house uniformed privates of either the regular army or the national guard.

One-Cent Postage Favored by Kenyon

Washington, Feb. 4.—Senator Kenyon said he was being swamped with letters from Iowa in favor of 1-cent postage. He is in favor of this reform and pointed out that if the franking abuse, figures on which have been given out by Postmaster General Hitchcock, were abolished it would go far to enable the government to reduce postage rates.

ALLIES BEGIN BOMBARDMENT

Hostilities Recopened at Adrianople When Armistice Ends.

MERE SKIRMISH AT TCHATALJA

Action at Outposts of Constantinople Is Significant—Dispatch From Serbian Sources Says Scutari Is on Point of Falling.

London, Feb. 4.—The Balkan war has been resumed. The bombardment of Adrianople began at 7 o'clock last night and a small skirmish occurred at the Tchatalja lines. The armistice had lasted exactly two months.

Bulgaria has turned a deaf ear to the remonstrances of the powers, and unless Turkey yields to the Balkan demands the allied armies now will attempt to drive it completely out of Europe.

According to a dispatch from Belgrade, Scutari already is on the point of falling. It is reported that the Turkish commander has sent two representatives to the Serbian commander to propose the capitulation of that town.

Sir Edward Grey had a long interview with the king, after which he attended a brief meeting of the ambassadorial conference, but nothing of importance was transacted.

The Times says that a report is current among some of the Balkan representatives that the porte has telegraphed to Sofia offering to cede Adrianople on the conditions laid down and that Bulgaria is ready to accept. This report has not been confirmed at the Bulgarian legation here, but it is not considered incredible.

Revolt in Turkish Army Spreads.

Berlin, Feb. 4.—Some indication of the trouble which the young Turks are having with the Turkish army is found in dispatches received here. The army appears to be seething with the germs of revolt because of the assassination of Nazim Pasha, its beloved commander in chief.

MILK FIRM CONVICTED

Price at Minneapolis at Once Goes Down a Cent.

Minneapolis, Feb. 4.—A verdict of guilty was returned in the district court against the Minneapolis Milk company and A. R. Runkle, president of the corporation, charged with conspiracy to raise the price of milk.

The case, which has been on trial for several days, was prosecuted under a state law prohibiting combines for the purpose of controlling the price of commodities. The jury retired for several hours before the jury retired. The company and other dealers announced a reduction in the price of milk of 1 cent a quart. Indictments have been returned against six other milk companies on similar charges.

Explosion Wrecks Building.

Marshallfield, Ore., Feb. 4.—A mysterious explosion wrecked the Donaldson building here. Mrs. F. W. Bertram was probably fatally burned and her little son seriously injured. The property loss was \$40,000, covered by insurance.

Heavy Snow in Missouri.

St. Louis, Feb. 4.—The heaviest snow of the winter now covers eastern Missouri. Three and a half inches fell here.

TO GIVE M'COMBS CUP

Presentation of Gift in Appreciation of His Services Will Be Made.

New York, Feb. 3.—William F. McCombs, chairman of the Democratic national committee, is to be presented with a large loving cup by the members of the committee Wednesday afternoon at Democratic national headquarters in the Fifth Avenue building. The cup is twenty-four inches in height and mounted upon an ebony base and valued at \$1,500. It is suitably inscribed as a token of the appreciation of the associates of Mr. McCombs of his work in connection with the campaign.

Ten Modern Commandments.

In the current issue of Farm and Fireside appears the following:

"I will study the language of gentleness and refuse to use words that bite and tones that crush.

"I will practice patience at home lest my testy temper break through unexpectedly and disgrace me.

"I will remember that my neighbors have troubles enough to carry without loading mine on them.

"I will excuse others' faults and failures as often and fully as I expect others to be lenient with mine.

"I will cure criticism with commendation, close up against gossip and build healthy loves by service.

"I will be a friend under trying tests and wear everywhere a good-will face unclouded by aloofness.

"I will gloat over gains never, but amass only to enrich others and so gain a wealthy heart.

"I will love boys and girls, so that old age will not find me stiff and sour.

"I will gladden my nature by smiling out loud on every fair occasion and by outlook optimistically.

"I will pray frequently, think good things, believe men and do a full day's work without fear or favor."

INCOME TAX IS RATIFIED

Senator Brown's Amendment
Now Part of Constitution.

CONGRESS WILL PASS LAW.

Act Probably Will Provide for Tax on All Incomes Above Five Thousand Dollars a Year—Ratified by Thirty-eight States.

Washington, Feb. 4.—Direct taxes upon the incomes of citizens of the United States whether derived from idle capital or the conduct of business were made possible by the ratification of the sixteenth amendment to the federal constitution. Delaware, Wyoming and New Mexico, endorsing the income tax amendment through their respective legislatures, completed a list of thirty-eight states that have approved it, two more than the three-fourths necessary for its final adoption. Leaders in congress predicted that through this authorization, the law which will be passed to levy the tax upon American incomes will be levied as soon as the extra session is opened. Its exact terms have not been decided upon, but it is believed it will exempt all incomes below \$5,000 or \$5,000 and will provide a tax of 1 per cent upon the majority of personal incomes that do not run to an excessive figure.

Hull Will Write Law.

Informal notice of the final adoption of the new amendment was given to the senate by Senator Brown of Nebraska, who introduced the discussion in 1909 upon which the proposal for an income tax was submitted to the states. The drafting of the bill to put the tax into effect, it is expected, will fall to the lot of Representative Cordell Hull of Tennessee, a member of the house ways and means committee, who drew the excise bill proposed last year by the Democratic house of representatives, but which did not become a law.

The income tax will be designed to supplant the present corporation tax and will apply to the incomes of individuals, firms and corporations.

In the statement Representative Hull declared he favored making the new tax an integral part of the financial system of the United States to remain in full force without regard to the character of tariff bills that congress may enact from time to time.

One feature which it is believed will be included in the law will be provision for "collecting at the source" of the income. This feature, now in operation in England, will require firms to certify amounts to pay individuals in salaries and fees and pay the tax direct to the government. It is believed this would remove much complaint that might be made if the individual citizen's income would prevent evasion of the law.

The annual amount that the government may realize under the income tax is estimated by Democratic leaders in congress at approximately \$100,000,000.

ANXIETY FOR THE PONTIFF

Dampness Increases the Pope's Gouty Symptoms.

London, Feb. 4.—The Rome correspondent of the Daily Mail represents the condition of the pope, as referred to by Dr. Marchisavi on Jan. 29, when he insisted that the pontiff should stop giving audiences for the present, as causing anxiety at the Vatican. The dampness has increased the gouty symptoms and the action of the heart is also unsatisfactory.

Dunne Inaugurated Governor of Illinois

Springfield, Ill., Feb. 4.—Edward F. Dunne, the first Democrat to hold the office since the close of the term of John P. Altgeld in 1897, was inaugurated governor of Illinois. The inauguration was delayed for a month by the speakership deadlock, which was broken last week. Perfunctory sessions of the legislature will continue through the week. The balloting on the United States senatorships is expected to begin Feb. 11.

Nelson Case to High Court

Kansas City, Feb. 4.—The application for a writ of habeas corpus asked by Colonel W. R. Nelson, editor and owner of the Kansas City Star, following his sentence by Judge Joseph A. Guthrie to one day in jail for alleged contempt, was referred direct to the Missouri supreme court. This will act as an arrest of judgment and Colonel Nelson will remain at liberty until the supreme court acts.

To Exclude Asiatics

Sacramento, Cal., Feb. 4.—Asiatic exclusion received the approval of the California legislature when the lower house unanimously adopted a senate joint resolution calling upon congress to pass the bill introduced by Congressman Raker, excluding "Asiatic and pauper" labor.

Hostilities Reopened

Constantinople, Feb. 4.—It is announced officially that hostilities began punctually at 7 o'clock last night, both at Adrianople and Tchaatalja. At Adrianople the allies opened the bombardment. At Tchaatalja an insignificant skirmish occurred.

REBELS KILL MEN AND CARRY OFF WOMEN

Followers of Zapata Attack Passenger Train Near Mexico City.

Mexico City, Feb. 4.—Rebel followers of General Zapata attacked a passenger train traveling from Mexico City to Ozuama, forty-five miles south of the capital, killing or wounding all the twenty soldiers in the train's escort. Four male passengers were killed and many of the women passengers were carried off by the rebels.

The train was halted by the derailment of the engine in a cut. The rebels began firing on the train from the side of the cut, less than two yards away, concentrating their fire on the troop car. Twelve soldiers, including Lieutenant Grize, were killed. The lieutenant's wife was wounded. A relief train took the wounded to Amecameca.

WOMEN PLAN CIVIL WAR

London Suffragettes Continue Raids on Letter Boxes.

London, Feb. 4.—The suffragettes are planning "an exciting civil war" in London, according to an announcement by Mrs. Pankhurst, the militant leader. She said, "are pre-paring all sorts of effective strokes. The government must quickly give us the vote or go. The women will use every method, constitutional as well as unconstitutional, to turn the cabinet out."

Detectives in great numbers are on watch in all the London streets, but the suffragettes continue their successful raids. The contents of thirty letter boxes were destroyed, but the perpetrators of the outrages escaped without detection.

Chinese Loan Pact

Peking, Feb. 4.—The loan agreement between the Chinese government and the six-power group of bankers has been completed and will be signed to day. The agreement provides for "the Chinese government 5 and 5½ per cent reorganization gold loan" to the amount of \$125,000,000. It stipulates the purposes for which the money shall be employed, which include the disbandment of the troops and reorganization of the salt gabelle.

Ryan and Pivovks Ousted

Lincoln, Feb. 4.—The supreme court denied a rehearing in the Ryan-Pivovks fire and police case from South Omaha. This means that these officials will be ejected from office at once, as there is no further chance for them to delay the matter. The appointment of their successors will be up to the mayor of South Omaha.

Beach on Trial for Attacking Wife

Aiken, S. C., Feb. 4.—Frederick O. Beach, prominent New Yorker, was placed on trial here, charged with assault and battery with intent to kill his wife, Camilla Morse Havemeyer Beach. Mrs. Beach is expected to be the principal witness for the defense, for she has steadfastly maintained she was not attacked by her husband.

Tumulty Will Be Wilson's Secretary

Trenton, N. J., Feb. 4.—Joseph Patrick Tumulty, at present private secretary to Governor Wilson, will be secretary to the president after March 4, according to an announcement by President elect Wilson.

BIG FIGHT OVER STATE COLLEGES

Quarrel Over Management of
Schools Opens This Week.

BIG DEMONSTRATION PLANNED

Selons Do Not Want Crowd of College Boys and Girls Watching Their Every Move Along This Line and May Exclude Lobby.

Des Moines, Feb. 3.—The legislative proceedings of the coming week promise to be enlivened somewhat by a formal opening of the big quarrel over the management of the state colleges by the state board of education. The members of the legislature are planning to head off a contemplated big demonstration on behalf of the alumni and business interests of the college towns, and to that end it is possible that the lobby will be excluded from the hearings. If this is done it is likely to create another row and much criticism, but the members are insistent that they do not want the legislative halls filled with paid lobbyists and the crowds of college boys and others making an appearance of great sentiment against the colleges and the college board.

The state board of education, which represents the college interest, has asked to be heard on the proposition before the legislative committees. It will do no more than make a plain statement of the situation at the colleges and the necessity for changes if duplication and waste is to be avoided. It will take the position that the action of the board in effecting coordination is in line with what the legislature has desired and intended in the creation of the board.

As against this view it will be contended that there should be two engineering schools and two colleges of liberal arts and three colleges for higher education in domestic science to prepare for teaching. It will be urged that the action of the board means almost ruin to each of the institutions by effecting an entire change in the curriculum.

OLD LAND CASE DISMISSED

Sioux City Judge Closes O'Brien County Case After Fifty Years.

Sioux City, Ia., Feb. 3.—The last of a series of famous "O'Brien county land cases" has been closed in the federal court after fifty years of litigation, by the dismissal here by Judge Reed of the action of John Sullivan against the heirs of M. H. Damon, contesting title to land originally purchased by Damon from the Sioux City and St. Paul railroad, now the Chicago, St. Paul, Minneapolis and Omaha line. This was the first action of all to be filed and the last to be disposed of. All the cases are founded on fraudulent patents to land taken up by the railroad.

ERNEST E. HART IS DEAD

Well Known Iowa Politician Stricken in Long Beach, Cal.

Council Bluffs, Ia., Feb. 3.—Ernest E. Hart died at Long Beach, Cal., according to news received here. He was stricken suddenly and died before Mrs. Hart could summon a physician. Mr. Hart was identified with all most every industry in Council Bluffs. He served three terms as Republican national committeeman for Iowa and he was defeated for re-election at the last national convention. His largest financial connection in Council Bluffs probably was with the First National bank. He was its president. A widower, one son and two daughters survive.

Iowans Are Coates' Kin

Glenwood, Ia., Feb. 3.—Word has been received by Glenwood relatives of the death of James Coates, the thread manufacturer, at Ayr, Scotland. There are twenty heirs to the estate, valued at \$6,000,000. The Glenwood relatives are Mrs. E. M. Coates and her daughter, Mrs. Alma Coates-Shaw.

COMPENSATION ACT READY

House Committee Agrees to Report Senate Measure.

Washington, Feb. 3.—A favorable report on the senate workmen's compensation act, amended to make it apply to employees of express companies as well as those of railroads and to give state courts concurrent jurisdiction with the federal courts in its enforcement, was agreed upon by the house judiciary committee. The committee voted 15 to 5 for the report after a brief discussion, closing a series of hearings.

The proposed law would prescribe specific amounts of compensation to be paid by railroads and express companies to any employee disabled by an accident while on duty. Where death results the amounts to be paid for a period of eight years, range from 50 per cent of the monthly wages of the deceased employee in case there is a widow and one or more dependent children, to 10 per cent in the event there are only partially dependent relatives.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

"I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

FILES HIS REPORT

SUPT. R. G. BRUMMETT OF COUNTY FARM HAD A GOOD YEAR.

EXPENSES WERE \$6,688

While the Receipts Were \$2,892.23—Report is For Ten Months, Ending December 31.

R. G. Brummett, superintendent of the county farm, filed Tuesday his report of receipts and expenditures of the farm for the ten months he has been in charge of the same, beginning March 1 and ending December 31, 1912. The report shows the expenditures to be \$6,688.97 and the receipts \$2,892.23, or the expenses exceed the receipts by \$3,796.74.

According to other reports of superintendents of the county farm, the report of Mr. Brummett is a good one and shows that he has made a good superintendent.

The receipts for the institution are as follows:

Live stock sold, \$2,143.31; machinery and building sold, \$262.50; grain and hay sold, \$427.34; outside stock pastured, \$8.75; poultry sold, \$50.33, or total receipts of \$2,892.23.

The expenditures for the period of ten months follows:

Groceries, \$777.01; clothing, \$55; dry goods, \$77.17; shoes and repairs, \$25.92; salary and farm labor, \$1,517.33; furniture and coffins, \$140.25; implements and repairs, \$61.88; lumber, \$319.25; plumbing, \$717.72; carbide, \$136; hardware, \$118.65; engine and repairs, \$170.85; pump work and repairs, \$122.75; coal, \$179.65; feed, \$754.25; drugs, \$42.05; blacksmithing, \$43.15; harness and repairs, \$8.75; fresh meals, \$4.45; seeds and plants, \$59.90; miscellaneous, \$355.95; live stock bought, \$991.14; total expenditures, \$6,688.97.

Public sales and surprise parties are all the go with us just now. Just come over if you want to be royally entertained.

Glen Swinford's little son was quite ill Saturday. Dr. Will Wallis was called and at present the little fellow is doing nicely.

Ben Chandler shipped hogs Tuesday. J. L. Tehow loaded his car Friday for Texas. We are sorry to see Mr. Tehow leave us. He was a good neighbor.

A very nice informal evening was spent by some Mt. Ayr and Maryville young folks Friday evening at the home of Miss Vannie Knobs. Numerous games were played and a fine musical program given by Miss Katharyn Zeck. Miss Pope of Maryville, assisted by Miss Vannie, after which dainty refreshments were served by the hostess.

Mr. J. C. Inman has been suffering with a gripe for a week.

Mrs. John Hall is on the sick list.

Miss Ora Willcox spent Saturday and Sunday with her sister, Mrs. Charles Baker of Maryville.

A very pleasant surprise was planned and effectively carried out at the home of Mr. Parker, near Council Corner, Friday evening.

Glen Swinford butchered hogs Wednesday. Also sold five porkers to John Kidd.

Frank Hall is cutting posts for Ward Beedle of Maryville.

A very powerful and effective sermon was preached at Mt. Ayr church by Rev. Gilbert S. Cox of Maryville last Sunday at 3 o'clock. Before the sermon he sang a most beautiful solo.

Jake Bigley has been enjoying an extended visit with his niece, who returned to her home Thursday.

Fred Wallace will give a public sale Thursday. The Ladies' Aid society of Mt. Ayr will serve lunch.

Gerald Bonewitz has begun moving some of his machinery to his new home this week.

Silas Moxingo has completed his residence, which makes a very nice home.

John Dick has built an addition to his residence, painted and otherwise improved it. It helps the appearance very much.

J. A. Carmichael will occupy the farm which Fred Wallace will vacate this spring.

Special music accompanied the services at Groundhog Sunday.

Mr. Bradshaw failed to see his shadow this time. Old saying, early spring.

Elected Delegates.

Woodmen of the World selected their day night delegates to the head camp at Excelsior Springs, which will be Tuesday, March 25. The delegates selected were Roy Martin, N. S. DeMotte, R. F. Wallace, Alternates, Ezra Phipps, Burt Charles and W. B. Blumley.

"FLOWER OF MEXICO."

Miss Alma Nash's Three-Act Comedy Presented to a Big Audience at the Empire Theater.

"Flower of Mexico" was enthusiastically received Monday night at the Empire theater by a big audience, and the applause so generously given was well earned by the young people of our town, who put on the three-act comedy, written by Miss Alma Nash, who also directed its production, in good professional style. There are no weak points in the little sketch, and all the characters were so well selected by Miss Nash that each gave his part as it should have been given. Miss Frances Keeler, as Carmencita, the Flower of Mexico, was indeed the typical Mexican senorita, in pretty costume, charming sweet manner and speech, while her little foster sisters, Edna and Esther Dietz, as muscians, were quite bewitching.

The special songs and choruses and dancing in each act, the production of which were directed by Miss Besse Scott and Miss Ola Smith, were indeed good and right up to professional style, and the girls' costumes in each scene were fetching, to say the least.

The orchestra, made up from members of Miss Nash's Missouri Ladies Military band (the one that is going to Washington to be in the suffragette parade) made its first appearance here, and the manner in which their part was done in accompanying the choruses and the special numbers played between the acts is to their credit. The members of the orchestra are:

Piano—Hazel Vandervort.
Violin—Edith Wilson.
Flute—Helen Rowley.
Clarinet—Mary O'Brien.
Cornet—Grace O'Brien.
Drums—Alma M. Nash.
Bass Viol—Margaret Conway.
Each one who had a part is worthy of personal mention. The cast and synopsis of the comedy, and the special musical numbers for each act were:

Pat McCarthy, a hotel clerk.
..... Flemming Carpenter
Billie, a bell boy.
..... Clyde Hutton
Dr. New Nose, physician, scientist and benefactor with a large fortune and valuable secret.
..... H. J. Becker
B. O. Seltzer.
..... Philip Parcher
Alexander Avenhammer, actor and theatrical manager on the lookout for people with the goods.
..... Glenn Goff
Hotel guests—
Duke of Vonderwinkle, Fred Lewis
Harvey Brown
..... Andy Chris Connins
George Hamilton
..... Frank Schumacher
Pedro, Mexican, foster-father of Carmencita
..... Orloff Clark
Children of Pedro—
Marita
..... Edna Dietz
Anita
..... Esther Dietz
Amy Arlington, on the lookout for a husband
..... Besse Scott
Friends of Amy—

A Biscuit by Parcel Post.
Some mighty funny things travel by parcel post these days. Postmaster Beech doesn't know it, of course, but a nice and nifty looking little package, containing a nice fluffy white biscuit, went from his parcel post office to St. Joseph Tuesday morning to a young Maryville business woman who is there for a few days on business. The young woman is exceedingly fond of biscuits, hot or cold, and often carries a cold biscuit around in her pocket to munch on. A friend of hers had some extra good ones for breakfast Tuesday morning and that reminded him of his friend who thought of the parcels day night stay with her sick daughter, VanFossen of Elmo.

S. Miller, I thought of the parcels day night stay with her sick daughter, VanFossen of Elmo.

TO A LATER DATE

BOARD DECIDED NOT TO HOLD GOOD ROADS BOND ISSUE NOW.

WILL COME UP AGAIN

Probably Next Fall—Matter Will Be Discussed With Farmers Short Course Week.

At a meeting of the Nodaway County Agricultural and Live Stock association held late Monday afternoon it was decided to defer the good roads bond election for Polk township to some later date this year. The board was to have appeared before the court Monday to have them set aside an election date, but the board gave the idea up at this time, thinking it would be best to hold the election next fall. Then, there seems to be some doubt among the members of the board whether a bond issue would carry at this time.

During the short course week to be held at the Normal next week by the state agricultural college the matter of a bond election for Polk will be taken up among the 300 farmers of Polk who will probably attend the course. If these people seem to think now is the time for the election and that the proposition will carry, then the agricultural board will again take the matter up and submit it to the county court at the March term.

Polk held a good roads bond election last December but the issue of \$50,000 was defeated by a small vote. Monroe township is to vote on a \$15,000 good roads bond issue on Saturday, and reports from that township point to a victory for the road advocates.

PROVIDES FOR MEETINGS.

Of the Presidents of School Boards and Clerks of School Districts to Take Up School Problems.

A bill was introduced in the legislature at Jefferson City which provides for county meetings of school officers and fixing compensation for attendance. The bill is as follows:

Be it enacted by the general assembly of the state of Missouri, as follows: Section 1. That it shall be the duty of the county superintendent of public schools to call together once each school year at the county seat or some other suitable place in the county, the presidents of the school boards and the clerks of the school districts of the county, for the consideration and discussion of questions pertaining to school administration.

Sec. 2. It shall be the duty of every president of a school board and of every clerk of a school district in the several counties to attend the meeting of school officers called by the county superintendent of public schools for the purpose of considering and discussing questions pertaining to school administration; and each school officer attending such meeting shall receive compensation at the rate of five cents per mile for the number of miles necessary to be traveled in going from the school house of his district to the place of meeting, same to be paid out of the incidental fund of his district: Provided, that no allowance shall be made for more than two days in any school year: Provided further, that in case of the inability of either the president of the board or the clerk of the district to attend such meetings, the school board shall appoint another member or some other person to represent the district in place of said president of the board or clerk of the district. Upon presentation of a certificate signed by the county superintendent of public schools, the board shall order warrants drawn in favor of the school officers or other representatives of the board who attended said meeting in accordance with the provisions of this section.

GUILFORD.

C. B. Manship has traded his farm of eighty acres, seven miles southeast of Guilford, for the A. D. Smith hardware store at Rea, Mo., and has taken possession of the store. He will hold a closing out sale at his farm February 20, with Carl Wray as clerk.

Davis Brothers will soon begin the erection of a corrugated steel barn in Guilford, for use in public sales and for other purposes.

Mr. and Mrs. John Farnan have leased their farm to their son, Walter Farnan, and will spend the coming year at Excelsior Springs for the benefit of their health.

GOT A REHEARING.

Case of State ex rel. Heller vs. Thornhill et al. to Come Up Again Before K. C. Court of Appeals.

Attorney Ellis G. Cook received word Tuesday from the clerk of the Kansas City court of appeals, saying that the case of the state ex rel. Heller vs. Thornhill et al. was granted a rehearing before that court, and that the case will be set for hearing at the next October term.

This case is that of W. A. Heller mandamus the county court for a saloon license. It was brought up before Judge Ellison in circuit court and he sustained a demurrer, throwing the case out of that court. It was then taken to the Kansas City court of appeals, and they sent the case back to the circuit court here to be tried. Then a rehearing before the court of appeals was filed by Mr. Cook, and the decision of that court is as above stated.

IN FAVOR OF INCORPORATION.

Over 150 Subscribers of Graham Mutual Line Met Saturday and Are Strong for Incorporation.

A meeting of the subscribers of the Graham Mutual line was held Saturday and was attended by over 150 subscribers. They voted 5 to 1 in favor of incorporation. C. C. Trapp of Graham is the president of the Farmers Mutual organization of the county, which will hold an election in Maryville, Saturday, February 15, when the matter of incorporation will be voted on by the subscribers of the Maryville line and delegates from the other lines in the county.

Somebody will be the loser of a dorg if "night isn't made less tedious."

Considerable interest is being felt in the series of meetings now in progress at the new Christian church. A powerful revival is in progress at the North Methodist church. Many conversions have been made and the work is still going on. There is plenty of fuel in Maryville for the flames of revival to feed upon, and we are of the opinion that the millennium will not be far distant when all the sinners in this vicinity shall have been called to repentance.

An exchange has the following flattering notice of the man that don't advertise. "The man that don't advertise has got his store hung around with slabs and pieces of barrel heads, inscribed with lampblack: 'Irish Peridates,' 'Korn Meal,' 'Flower,' 'All Kinds of Kountry Produce,' 'Kaikes and Kandies for Sale Here.' He says, 'Thar ain't no sense in noospaper advertisng, so long as a man is smart enuff to tend to his own business, and kin stand at the door and holler the fellers in!'"

On Saturday last three young men, two of them brothers named Stewart, and "Lon" Woodward left town about 5:30 o'clock in the afternoon and started for home, down toward Guilford. They had been gone about two hours and a half when one of the Stewarts came back, post-haste, in quest of Doc Page, to go down and attend his brother, Wesley Stewart, who had been shot by Lon Woodward. We learn from the doctor this (Tuesday) morning that the wound, though dangerous, is not necessarily fatal. It seems a quarrel sprung up between Woodward and the younger Stewart. Dawson & Edwards are the attorneys for Woodward.

WORK ON BRIDGES

REPORT SHOWS WHAT HAS BEEN DONE BY HIGHWAY ENGINEER.

NEEDS MORE REVENUE

In Order to Get Better Roads and Bridges Within Reasonable Time, Says Mr. Reese.

The report of County Engineer Reese was filed with the county court Monday and tells of the work that has been done the past year by Mr. Reese. An inventory of the tools and supplies on hand in that department was also filed and shows that they are valued at \$514.15.

The report of Mr. Reese follows: To the honorable county court, gentlemen.

I herewith submit my report for the year 1912:

There has been expended during the past year the sum of \$22,267.78 divided as follows: New bridges, \$11,099.80, concrete culverts \$5,422.06, repairs \$4,174.93, fills \$1,571.89. The policy adopted by the court the year previous was continued during the present season, that of using concrete and steel in place of wood, and for the past two years no structure, entirely of wood, has been erected. This necessarily restricts the number, but increases the permanency of the bridges, but the amount of revenue available for bridge purposes, being small as compared with the requirements, leaves many sections of the county unprotected. However, a continuance of the present policy will eventually replace all wooden bridges with permanent ones, and the revenue then being available for road work will in a few years put our roads in as good condition as the character of the material will permit.

By the use of concrete in the form of culverts and concrete backed steel bridges there has been taken out and done away with 1,947 feet of old bridge. This with what has been taken out and replaced with concrete by the several townships amounts to about 4,000 feet. To have replaced this with the cheapest material would have cost at least \$16,000. This demonstrates that the substitution of concrete for wood in bridge construction, while greater in its initial cost, is cheaper in the end.

Road work throughout the county shows improvement each year, both in methods and results, but a large number of road overseers seem to be unaware that the law requires all grading to be done before August 1st of each year. In some districts no grading being done until after the 1st of fixed for its completion. A meeting of road overseers was called in March as required by law, and while the court provided the means for all necessary expenses, such as advertising and securing a convenient hall for the meeting, the attendance was so small as to hardly justify the expenditure of the amount required.

The great need of this county is a large revenue in order to get better roads and bridges within a reasonable time, and until that is provided many places in the county must be temporarily tided over until such times as they can be reached with permanent structures. There is, however, better use being made each year of our road and bridge funds and the results are becoming more apparent.

Respectfully submitted,
J. E. REESE,
Highway Engr.

Visited Her Parents.

Mrs. Doris Smith of Barnard, who has been visiting her parents, Mr. and Mrs. L. J. Neal, near Pickering, returned Monday evening. Mr. and Mrs. Smith, who have been living at Vincent, Texas, returned at Christmas time to make their home in Nodaway county.

Mrs. Henry Cook went to Kansas City Monday evening to attend the training school of the Spirella Corset company.

Miss Ruth Westfall of Barnard was shopping in Maryville Monday.

TO TRANSFER HOLT COUNTY.

Senator Craig Introduced a Bill at Jefferson City Making Change in This Judicial Circuit.

Senator Anderson Craig introduced Monday in the senate a bill transferring Holt county from the fourth to the fifth judicial circuit. The fourth is Judge Ellison's circuit and the fifth is Judge A. D. Burnes' circuit.

If the measure should pass the legislature this circuit would be composed of Atchison, Nodaway, Gentry and Worth counties.

Another bill introduced by Senator Craig Monday was that all feed sold at stock yards should be by weight, and creates the office of inspector to see that provisions of the law regarding the sale of feed are not violated.

WANT A REST ROOM.

Committee Appeared Before County Court in Behalf of Such a Room in Basement of Court House.

A committee from the Twentieth Century club of this city, composed of Mrs. C. C. Corwin, Mrs. O. C. Hanna and Miss Jessie Parlier, appeared before the county court in their session Monday afternoon and urged that the court provide a rest room for ladies in the basement of the court house. The plan, according to the committee, is to use two rooms in the basement, and the Twentieth Century club will provide the furniture for the rooms, and the Commercial club will stand for a matron of the rooms. The other expenses of such a room are to be borne by the county.

There has been agitation from time to time for a rest room for ladies in Maryville, but for some reason no headway has been made. A rest room would be a fine thing and would give a place for the women from the country to go to eat their lunches and to rest during their stay in the city.

No action was taken by the court on the proposed rest room.

SPELLING CONTEST FRIDAY.

North Wheat School and Clyde School Will Spell Friday Afternoon for Place in County Contest.

A spelling contest will be held Friday afternoon at the Clyde school building between that school, of which Miss Katie O'Brien is principal, and the North Wheat school, of which Miss Maggie McCann is the teacher, for the purpose of winning a place for one of these schools in the Nodaway county spelling contest that is to take place March 7.

The contest between these two schools will not be for place or glory only, as Rev. Fr. Frowin of Clyde is going to give a gold medal to the student winning first place for his school and a silver medal to the one winning second place for his school.

Each school is to select a judge for Friday afternoon's contest, and the two judges will then select one, making three for the day's work.

When Superintendent Oakerson was in Clyde recently making arrangements for this contest between the schools, Father Frowin accompanied him on his visit to the schools, and was so pleased with the interest taken in the event by the students that he thought he would offer something additional and give something to the one winning second place, as well as to the one winning first place, hence the two medals he offers.

Says Farmers Should Not Sneer At Skin-Deep Beauty.

A contributor to the current issue of Farm and Fireside writes: "Of all people, farmers are most prone to sneer at skin-deep beauty. 'Of all classes of people, farmers are most dependent on the beauty that is on the surface; that is, only skin deep."

"Can you sell apples which are ugly in appearance? Don't you find ready sale for rosy, fat apples?" "Does a scrawny colt, sell as ready as a plump colt? Hasn't the plump colt finer hair, better laid on than the scrawny colt?"

"Doesn't a well-painted farmhouse add to the value of the farm? Doesn't an unpainted house hurt sale prospects?"

"Doesn't a straight fence, almost beautiful because of its symmetry, lend value to the place? If every fence on a farm is ugly, you have an ugly farm!"

"Hahn? You rather see a litter of fat, round pigs than a litter of lean little cusses, and don't the fat little porkers give better promise than the skinny ones?" "There can't be too much of the skin-deep beauty. It sells pears and peaches, potatoes and pumpkins, corn and calves, horses and hay, wheat and automobiles, butter and eggs, and it makes true-love matches."

Mrs. O. E. Miller and sons returned to their home in Barnard Monday evening from a week's visit in Maryville with her parents, Mr. and Mrs. G. A. Hartman. Mrs. Miller has been assisting in caring for her mother, who has been quite ill.

A MILLION FOR ROADS

If All the Measures Proposed Pass Legislature the Good Roads Fund Will Receive a Big Boost.

The good roads measures pending in the Missouri legislature, if passed, will enable the state to have a system of highways in three years equal to any in the country.

Among the measures are the following: A joint and concurrent resolution providing for the submission of a constitutional amendment for a tax of 10 cents on the \$100 assessed valuation for good roads. Nearly \$400,000 will be raised annually this way.

A measure calling for the equal distribution of the money in the automobile licenses and future delivery stamp fund. By July 13, when the distribution is to take place, there will be nearly \$400,000 in this fund.

Each county to set aside \$2,000 of its general revenue to be used in dragging roads.

Each corporation in the state to pay an annual registration fee of \$5 to the secretary of state, the proceeds to go into good roads fund. The yearly amount derived from this source is placed at \$100,000.

From the sale of stamps to tax transfers of stock it is expected to raise for \$300,000 to \$400,000 annually. The bill authorizing this tax will pass the senate this week.

The measure which places a tax on rectifiers, distillers and wholesale dealers in spirituous liquors of \$100 for each 5,000 gallons and under handed in a year; \$150 for over 5,000 and under 10,000, and \$1 for each 1,000 gallons over that, the latter amount providing that in no case shall the total tax be in excess of \$1,000 for each dealer. This bill is expected to raise \$150,000.

A measure providing for a license of \$50 on each moving picture show in the state is expected to raise \$50,000 annually.

A bill to are not removed express companies their gross receipts from \$1.25 on each hundred to \$2 will probably bring in \$50,000.

Another bill provides that all money collected in excess of running expenses by the state coal oil inspection department is to go into the good roads fund.

It is figured that in all there are forty good roads measures pending in the legislature of the general assembly.

It is figured that there will be available each year about \$1,400,000 for good road purposes, if all the measures pass and existing sources of income are included.

CASCARETS SURELY STRAIGHTEN YOU UP

No Headache, Bloating, Upset Stomach, Lazy Liver or Constipated Bowels by Morning.

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passage through these alimentary or drainage organs every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters.

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Bloating, coated tongue, indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

PARTIAL VICTORY FOR COMBINE

Supreme Court Kills Indictment
Against Shoe Machinery Co.

NON-COMPETITORS MAY UNITE

State Not Intended to Reduce All Manufacture to Isolated Units of Lowest Degree—Prosecution to Continue on Final Count.

Washington, Feb. 4.—The supreme court of the United States held in effect for the first time that the Sherman anti-trust act does not forbid the mere combining of non-competitors in an industry. The decision was given in the "shoe machinery trust" case, in which Solicitor General Bullitt for the government had contended that if the combination brought into one hand an undue proportion of the trade it was forbidden by the anti-trust law.

Despite the decision, officials of the department of justice declared that the United Shoe Machinery company would be prosecuted for the alleged criminal violation of the Sherman law under the one remaining count of the indictments returned against the company, the validity of which was sustained by the lower court. That count, which was not before the supreme court, charged in effect that the company was monopolizing the industry by combination, by tying the various shoe machines together, by the destruction of competition, and by the acquisition of competitor's business. Officials vigorously maintained that the decision did not affect the government's case on this count.

Rejects Bill to Protect Uniforms.

Denver, Feb. 4.—The Colorado senate refused to go on record in favor of giving Uncle Sam's fighting man the privileges enjoyed by the civilian. On a tie vote the upper branch of the legislature killed a bill making it a misdemeanor to bar from any theater, restaurant, hotel or moving picture house uniformed privates of either the regular army or the national guard.

One-Cent Postage Favored by Kenyon

Washington, Feb. 4.—Senator Kenyon said he was being swamped with letters from Iowa in favor of 1-cent postage. He is in favor of this reform and pointed out that if the franking abuse, figures on which have been given out by Postmaster General Hitchcock, were abolished it would go far to enable the government to reduce postage rates.

ALLIES BEGIN BOMBARDMENT

Hostilities Resumed at Adrianople When Armistice Ends.

MERE SKIRMISH AT TCHATALJA

Action at Outposts of Constantinople Is Significant—Dispatch From Serbian Sources Says Scutari Is on Point of Falling.

London, Feb. 4.—The Balkan war has resumed. The bombardment of Adrianople began at 7 o'clock last night and a small skirmish occurred at the Tchatalja lines. The armistice had lasted exactly two months.

Bulgaria has turned a deaf ear to the remonstrances of the powers, and unless Turkey yields to the Balkan demands the allied armies now will attempt to drive it completely out of Europe.

According to a dispatch from Belgrade, Scutari already is on the point of falling. It is reported that the Turkish commander has sent two representatives to the Serbian commander to propose the capitulation of that town.

Sir Edward Grey had a long interview with the king, after which he attended a brief meeting of the ambassadors conference, but nothing of importance was transacted.

The Times says that a report is current among some of the Balkan representatives that the porte has telegraphed to Sofia offering to cede Adrianople on the conditions laid down and that Bulgaria is ready to accept. This report has not been confirmed at the Bulgarian legation here, but it is not considered incredible.

Revolt in Turkish Army Spreads.

Berlin, Feb. 4.—Some indication of the trouble which the young Turks are having with the Turkish army is found in dispatches received here. The army appears to be seething with the germs of revolt because of the assassination of Nazim Pasha, its beloved commander in chief.

MILK FIRM CONVICTED

Price at Minneapolis at Once Goes Down a Cent.

Minneapolis, Feb. 4.—A verdict of guilty was returned in the district court against the Minneapolis Milk company and A. R. Rurke, president of the corporation, charged with conspiracy to raise the price of milk.

The case, which has been on trial for several days, was prosecuted under a state law prohibiting combines for the purpose of controlling the price of commodities.

Before the jury retired officers of the company and other dealers announced a reduction in the price of milk of 1 cent a quart. Indictments have been returned against six other milk companies on similar charges.

Explosion Wrecks Building.

Marshallfield, Ore., Feb. 4.—A mysterious explosion wrecked the Donaldson building here. Mrs. F. W. Bertram was probably fatally burned and her little son seriously injured. The property loss was \$40,000, covered by insurance.

Heavy Snow in Missouri.

St. Louis, Feb. 4.—The heaviest snow of the winter now covers eastern Missouri. Three and a half inches fell here.

TO GIVE M'COMBS CUP

Presentation of Gift in Appreciation of His Services Will Be Made.

New York, Feb. 3.—William F. McCombs, chairman of the Democratic national committee, is to be presented with a large loving cup by the members of the committee Wednesday afternoon at Democratic national headquarters in the Fifth Avenue building.

The cup is twenty-four inches in height and mounted upon an ebony base and valued at \$1,500. It is suitably inscribed as a token of the appreciation of the associates of Mr. McCombs of his work in connection with the campaign.

Ten Modern Commandments.

In the current issue of Farm and Fireside appears the following:

"I will study the language of gentleness and refuse to use words that bite and tones that crush.

"I will practice patience at home lest my testy temper break through unexpectedly and disgrace me.

"I will remember that my neighbors have troubles enough to carry without loading mine on them.

"I will excuse others' faults and failures as often and fully as I expect others to be lenient with mine.

"I will cure criticism with commendation, close up against gossip and build healthy loves by service.

"I will be a friend under trying tests and wear everywhere a good-will face unclouded by aloofness.

"I will gloat over gains never, but amass only to enrich others and so gain a wealthy heart.

"I will love boys and girls, so that old age will not find me stiff and sour.

"I will gladden my nature by smiling out loud on every fair occasion and by outlook optimistically.

"I will pray frequently, think good things, believe men and do a full day's work without fear or favor."

INCOME TAX IS RATIFIED

Senator Brown's Amendment
Now Part of Constitution.

CONGRESS WILL PASS LAW.

Act Probably Will Provide for Tax on All Incomes Above Five Thousand Dollars a Year—Ratified by Thirty-eight States.

Washington, Feb. 4.—Direct taxes upon the incomes of citizens of the United States whether derived from idle capital or the conduct of business were made possible by the ratification of the sixteenth amendment to the federal constitution. Delaware, Wyoming and New Mexico, endorsing the income tax amendment through their respective legislatures, completed a list of thirty-eight states that have approved it, two more than the three-fourths necessary for its final adoption. Leaders in congress predicted that through this authorization, the law which will be passed to levy the tax upon American incomes will be levied as soon as the extra session is opened. Its exact terms have not been decided upon, but it is believed it will exempt all incomes below \$4,000 or \$5,000 and will provide a tax of 1 per cent upon the majority of personal incomes that do not run to an excessive figure.

Hull Will Write Law.

Informal notice of the final adoption of the new amendment was given to the senate by Senator Brown of Nebraska, who introduced the discussion in 1909 upon which the proposal for an income tax was submitted to the senate. The drafting of the bill to put the tax into effect, it is expected, will fall to the lot of Representative Cordell Hull of Tennessee, a member of the house ways and means committee, who drew the excise bill proposed last year by the Democratic house of representatives, but which did not become a law.

The income tax will be designed to supplant the present corporation tax and will apply to the incomes of individuals, firms and corporations.

In the statement Representative Hull declared he favored making the new tax an integral part of the financial system of the United States to remain in full force without regard to the character of tariff bills that congress may enact from time to time.

One feature which it is believed will be included in the law will be provision for "collecting at the source" of the income. This feature, now in operation in England, will require firms to certify amounts to pay individuals in salaries and fees and pay the tax direct to the government. It is believed this would remove much complaint that might be made if the individual citizen's income and would prevent evasion of the law.

The annual amount that the government may realize under the income tax is estimated by Democratic leaders in congress at approximately \$100,000,000.

ANXIETY FOR THE PONTIFF

Dampness Increases the Pope's Gouty Symptoms.

London, Feb. 4.—The Rome correspondent of the Daily Mail represents the condition of the pope, as referred to by Dr. Marchisavva on Jan. 29, when he insisted that the pontiff should stop giving audiences for the present, as causing anxiety at the Vatican. The dampness has increased the gouty symptoms and the action of the heart is also unsatisfactory.

Dunne Inaugurated Governor of Illinois

Springfield, Ill., Feb. 4.—Edward F. Dunne, the first Democrat to hold the office since the close of the term of John P. Altgeld in 1897, was inaugurated governor of Illinois. The inauguration was delayed for a month by the speakership deadlock, which was broken last week. Perfunctory sessions of the legislature will continue through the week. The balloting on the United States senatorships is expected to begin Feb. 11.

Nelson Case to High Court.

Kansas City, Feb. 4.—The application for a writ of habeas corpus asked by Colonel W. R. Nelson, editor and owner of the Kansas City Star, following his sentence by Judge Joseph A. Guthrie to one day in jail for alleged contempt, was referred direct to the Missouri supreme court. This will act as an arrest of judgment and Colonel Nelson will remain at liberty until the supreme court acts.

To Exclude Asiatic.

Sacramento, Cal., Feb. 4.—Asiatic exclusion received the approval of the California legislature when the lower house unanimously adopted a senate joint resolution calling upon congress to pass the bill introduced by Congressman Raker, excluding "Asiatic and pauper" labor.

Hostilities Reopened.

Constantinople, Feb. 4.—It is announced officially that hostilities began punctually at 7 o'clock last night, both at Adrianople and Trabzalla. At Adrianople the allies opened the bombardment. At Trabzalla an insignificant skirmish occurred.

REBELS KILL MEN AND CARRY OFF WOMEN

Followers of Zapata Attack Passenger Train Near Mexico City.

Mexico City, Feb. 4.—Rebel followers of General Zapata attacked a passenger train traveling from Mexico City to Ouzumba, forty-five miles south of the capital, killing or wounding all the twenty soldiers in the train's escort. Four male passengers were killed and many of the women passengers were carried off by the rebels.

The train was halted by the derailment of the engine in a cut. The rebels began firing on the train from the side of the cut, less than two yards away, concentrating their fire on the troop car. Twelve soldiers, including Lieutenant Quize, were killed. The lieutenant's wife was wounded. A relief train took the wounded to America.

WOMEN PLAN CIVIL WAR

London Suffragettes Continue Raids on Letter Boxes.

London, Feb. 4.—The suffragettes are planning "an exciting civil war" in London, according to an announcement by Mrs. Pankhurst, leader of the movement. She said, "are pre-arranged all sorts of effective strokes. The government must quickly give us the vote or go. The women will use every method, constitutional as well as unconstitutional, to turn the cabinet out."

Detectives in great numbers are on watch in all the London streets, but the suffragettes continue their successful raids. The contents of thirty letter boxes were destroyed, but the perpetrators of the outrages escaped without detection.

Chinese Loan Pact.

Peking, Feb. 4.—The loan agreement between the Chinese government and the six-power group of bankers has been completed and will be signed to day. The agreement provides for "the Chinese government 5 and 5 1/2 per cent reorganization gold loan" to the amount of \$125,000,000. It stipulates the purposes for which the money shall be employed, which include the disbandment of the troops and reorganization of the salt gabelle.

Ryan and Pivonka Ousted.

Lincoln, Feb. 4.—The supreme court denied a rehearing in the Ryan-Pivonka fire and police case from South Omaha. This means that these officials will be ejected from office at once, as there is no further chance for them to delay the matter. The appointment of their successors will be up to the mayor of South Omaha.

Beach on Trial for Attacking Wife.

Aiken, S. C., Feb. 4.—Frederick O. Beach, prominent New Yorker, was placed on trial here, charged with assault and battery with intent to kill his wife, Camilla Morse Havemeyer Beach. Mrs. Beach is expected to be the principal witness for the defense, for she has steadfastly maintained she was not attacked by her husband.

Tumulty Will Be Wilson's Secretary.

BIG FIGHT OVER STATE COLLEGES

Quarrel Over Management of
Schools Opens This Week.

BIG DEMONSTRATION PLANNED

Solons Do Not Want Crowd of College Boys and Girls Watching Their Every Move Along This Line and May Exclude Lobby.

Des Moines, Feb. 3.—The legislative proceedings of the coming week promise to be enlivened somewhat by a formal opening of the big quarrel over the management of the state colleges by the state board of education. The members of the legislature are planning to head off a contemplated big demonstration on behalf of the alumni and business interests of the college towns, and to that end it is possible that the lobby will be excluded from the hearings. If this is done it is likely to create another row and much criticism, but the members are insistent that they do not want the legislative halls filled with paid lobbyists and the crowds of college boys and others making an appearance of great sentiment against the colleges and the college board.

The state board of education, which represents the college interest, has asked to be heard on the proposition before the legislative committee. It will do no more than make a plain statement of the situation at the colleges and the necessity for changes if duplication and waste is to be avoided. It will take the position that the action of the board in effecting coordination is in line with what the legislature has desired and intended in the creation of the board.

As against this view it will be contended that there should be two engineering schools and two colleges of liberal arts and three colleges for higher education in domestic science to prepare for teaching. It will be urged that the action of the board means almost ruin to each of the institutions by effecting an entire change in the curriculum.

OLD LAND CASE DISMISSED

Sioux City Judge Closes O'Brien County Case After Fifty Years.

Sioux City, Ia., Feb. 3.—The last of a series of famous "O'Brien county land cases" has been closed in the federal court after fifty years of litigation, by the dismissal here by Judge Reed of the action of John Sullivan against the heirs of M. H. Damon, contesting title to land originally purchased by Damon from the Sioux City and St. Paul railroad, now the Chicago, St. Paul, Minneapolis and Omaha line. This was the first action of all to be filed and the last to be disposed of. All the cases are founded on fraudulent patents to land taken up by the railroad.

ERNEST E. HART IS DEAD

Well Known Iowa Politician Stricken in Long Beach, Cal.

Council Bluffs, Ia., Feb. 3.—Ernest E. Hart died at Long Beach, Cal., according to news received here. He was stricken suddenly and died before Mrs. Hart could summon a physician. Mr. Hart was identified with almost every industry in Council Bluffs. He served three terms as Republican national committeeman for Iowa and he was defeated for re-election at the last national convention. His largest financial connection in Council Bluffs probably was with the First National bank. He was its president. A widower, one son and two daughters survive.

Iowans Are Coates' Kin.

Glenwood, Ia., Feb. 3.—Word has been received by Glenwood relatives of the death of James Coates, the thread manufacturer, at Ayr, Scotland. There are twenty heirs to the estate valued at \$6,000,000. The Glenwood relatives are Mrs. E. M. Coates and her daughter, Mrs. Alma Coates-Shaw.

COMPENSATION ACT READY

House Committee Agrees to Report Senate Measure.

Washington, Feb. 3.—A favorable report on the senate workmen's compensation act, amended to make it apply to employees of express companies as well as those of railroads and to give state courts concurrent jurisdiction with the federal courts in its enforcement, was agreed upon by the house judiciary committee. The committee voted 15 to 5 for the report after a brief discussion, closing a series of hearings.

The proposed law would prescribe specific amounts of compensation to be paid by railroads and express companies to any employee disabled by an accident while on duty. Where death results the amounts to be paid for a period of eight years, range from 50 per cent of the monthly wages of the deceased employee in case there is a widow and one or more dependent children, to 10 per cent in the event there are only partially dependent relatives.

Pioneers Going Rapidly.

Logan, Ia., Feb. 3.—There were sixty-seven deaths among the old settlers of Harrison county since Aug. 22, according to reports of A. M. Pyrand, secretary of the Old Settlers' association.

The Candy Kids Won.

The Candy Kids won three straight games from the Repairs Monday at the Yeo alleys in the bowling tournament. Belcher had high score of 179 and Sours had high average of 489 for the three games. The Repairs will play the Toggery team Wednesday night.

Mrs. S. J. Yeomans of Hopkins returned home Tuesday from a several days' visit with her son, F. J. Yeomans, and Mrs. Yeomans.

HEAD STUFFED! GOT A COLD? TRY PAPER!

One Dose of Paper's Cold Compound Relieves Worst Cold or Grippe—No Quinine Used.

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Paper's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Get a 25-cent package of "Paper's Cold Compound" from your druggist and take it with the knowledge that it will positively and promptly cure your cold and end all the Grippe misery; without any assistance or bad after-effects and that it contains no quinine—don't accept something else said to be just as good. Tastes nice—acts gently.—Advertisement.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with many troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

"I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.
